**Elementary Music Theory**

Elementary Music Theory (EMT) is a weekly, 75 minute group lesson. You will follow this course during the second and third year of your BA at the Royal Conservatoire. EMT is offered several times per week, so students can register for a timeslot that fits their timetable.

Language of instruction can be either Dutch or English (to be decided in mutual consultation).

Registration: If you are admitted to the programme, Caroline Cartens will take care of your registration for EMT.

**Electives**

You choose two electives of **level 300** at the Academy of Creative and Performing Arts. An overview of the courses on offer is available in the prospectus. Please note that you can choose level 300 courses from the minor Music Studies as well (if places available).

Registration: via uSis. Check the prospectus for more information.

Grade: The required average grade for the two ACPA electives is an 8.0 or higher (no grade lower than 7.0).

**Honours Class ACPA**

You choose one Honours Class offered by the Academy of Creative and Performing Arts. An overview of the ACPA Honours Classes on offer is available in the prospectus.

Registration: via the Honours Academy application system. Check the Honours Academy website for more information. Twice a year, you will receive an email from the Honours Academy about upcoming application periods as well.
Honours Class
You choose one Honours Class from the entire list of Honours Classes offered. This can be another music-related Honours Class offered by the Academy of Creative and Performing Arts (ACPA) or a ‘regular’ Honours Class.
Registration: Please see at Honours Class ACPA

Capstone Project
The Capstone project is the Grand Finale of the Humanities Lab track. Teams of students from different disciplines work on a specific topic or problem and present their findings at a closing conference.
Registration: via the Humanities Lab. In the second semester of the third year of your BA you will receive an email from the Humanities Lab to register for the Capstone Project.
